WELCOME FROM THE SHOW MANAGER

Well, another show season has again crept up on us at the last minute and there are the usual thousand and one things that need attending to.

It is too easy in the hurly-burly of a busy show season to think that because you have exhibited at a particular show for several years that the schedule goes unchanged each year. Subtle changes to the wording of a particular class can completely change the context and catch some exhibitors unaware.

This year sees some minor changes to the Dahlia Section of the Scottish National, however these are also listed here for your information and attention.

The major change relates to the wording of the Individual Championship. The Giant/Large and Medium requirements go unchanged, however there is now a distinction that either a Small **OR** Miniature from the Decorative, Cactus and Ball classifications must be used.

Other changes includes the deletion of the Inter-Society class and the class for 3 blooms of separate classifications.

An additional class for 2 vases, Collerette or Waterlilly has been added.

A warm welcome awaits all our exhibitors, old and new alike. If you are a first time visitor, please do not be afraid to ask for any help or assistance. Refreshments are available throughout the night during staging.

Finally, the annual appeal to all our regular helpers and a few new ones to assist before, during and after the show.
