

NDS Cultivar analysis for 2010.

The main purpose of this analysis is to highlight the most popular cultivars in the various classification groups as well as to show the trends from year to year, showing the overall use of cultivars.

Analysis is based on number of vases shown (most entries) also the figure is the combined 1st, 2nd and 3rd places. It is also restricted to the first 10 places at most, to avoid pointless information.

Cultivar analysis: **National show** (first column) **Harrogate show** (second column) **Total** (both shows).

GIANT DECORATIVE	National show	Harrogate show	Total	Change from 2009

ANALYSIS OF NATIONAL SHOWS

	NATIONAL	HARROGATE
Classes	118	109
Staged Entries	525	490
Vases Staged	1,043 (+5 Baskets,2 Bowls)	890 (+6 Baskets, 6 Bowls)
Bloom Count at National	3,397 + allowance for Baskets and Bowls	3,700 approx

Observation:

Maybe we should not be making any comparison between our two shows as there are so many variables that affect all such details. In truth we all should be pleased that they are such successful and interesting shows.
