- 27 The Villages' Collection of Vegetables.
Three distinct kinds, one of each
Open to all who live in the three villages

- $\frac{1}{2}$ lb flour, 1 level teaspoon bicarbonate of soda
- 1 $\frac{1}{2}$ level teaspoons ground ginger
- 3 oz. margarine/cooking fat/lard or 6 tablespoons cooking oil
- 2 oz. brown sugar, 6 oz. treacle and syrup mixed (in total)
- 1 egg or 2 small, $\frac{4}{5}$ tablespoons milk (2 if oil is used)
- 2 oz. sultanas or almonds (optional)
- 2 oz. nuts or crystallized ginger (optional)

Heat the oven to 150°C (300°F) Gas No. 2 and prepare the tin. For $\frac{1}{2}$ lb size use an 8-inch round tin or an oblong tin about 9 $\frac{1}{2}$ by 6 inches - a shallow gingerbread is easier to bake. In a saucepan gently warm the fat and sugar, syrup and treacle until the fat and syrup are just melted. The mixture must not boil or the gingerbread will be hard. Cool the syrup mixture.

Sieve the powdered ingredients and make a well in them.

Mix the egg with half the milk and pour this and the cooled liquid syrup mixture into the well

Mix all the ingredients to a smooth, thick batter, adding more milk if necessary. Pour the mixture into the tin and bake for $\frac{3}{4}$ to 1 hour for $\frac{1}{2}$ lb size.

Gingerbread is improved by storing in a tin for at least a week, when the crust gets soft and the whole texture moist and spongy.

RECIPES (Continued)

FRUIT CAKE

8 oz. self-raising flour, $\frac{1}{4}$ teaspoon salt
4 oz. margarine, 4 oz. caster sugar
2 eggs, 9 oz mixed fruit
(eg currants, sultanas, peel, cherries etc)
grated orange rind, milk to mix

Sift the flour and salt. beat the margarine until soft, add the sugar and cream together until the mixture is light in colour and fluffy in texture. Add the eggs one at a time, together with tablespoon of flour, beating well between each addition. Add the milk and a little flour, stir then beat. Stir in the fruit, grated rind, and the remainder of the flour. Put the mixture into a lined round tin approximately 7" diameter and bake in a moderate oven for 1 hour or until cooked. Cover with greaseproof paper when sufficiently brown on top. 360°F, or 185°C.

CHERRY CAKE

3 oz. butter or margarine, 5 oz. self-raising flour
 $\frac{1}{4}$ teaspoon of salt, 4 oz. caster sugar
6 oz. glace cherries halved, 1 egg
2 oz. dessicated coconut, 1 teaspoon demerara sugar
5 teaspoons milk

Sift the flour into a bowl, stir in the caster sugar, then rub in the butter until the mixture resembles fine breadcrumbs. Beat the egg and milk together and toss the cherries with the coconut, add both to the flour mixture and fold in gently. Place in a greased and floured 1lb loaf tin and sprinkle with demerara sugar. Bake in the oven at 350°F or 180°C for about 45-50 minutes until well risen, golden brown and firm to the touch. Turn out and cool on a wire rack.

RECIPES

JAM TARTS

8 oz. plain flour, 2 oz. lard
2 oz. margarine, pinch of salt
water to mix, jam

Stir flour and salt into a bowl, rub in fat. Dot surface of the mixture with the water and stir together with a flexible knife. Gather together and knead very lightly, just enough to form a smooth dough free of cracks. Turn onto a floured board and roll out thinly. Cut into rounds using a cutter a little larger in diameter than the top of the bun tins. Press each round into a bun tin and prick the base of the pastry lightly. Place a spoonful of jam in each tin and bake for 20-25 minutes in a fairly hot oven, 400°F - 425°F or 200°C - 210°C.

VICTORIA SANDWICH

3 large eggs, their weight in margarine
caster sugar and self-raising flour
raspberry jam, pinch of salt

Grease and flour two 7" sandwich tins.

Cream the margarine in a bowl. When soft and creamy, add the sugar and whip until light and fluffy. Beat the eggs, one at a time. Finally, add the sifted flour and salt and mix together. Divide between the two tins, spreading the mixture so that the sides are a little higher than the centre. Bake for 20-25 minutes at 350°F-375°F or 180°C-190°C. Fill with raspberry jam, dust with caster sugar.
